

Dear Puppy Buyer,

As a dog breeder, animal health is my top priority. That's why I enthusiastically recommend NuVet Plus immune system builder to all of my customers. Simply put, it is the best nutritional supplement available today.

To assure your puppy gets off to the right start, they have been enjoying NuVet Plus every day as a treat (they love the taste). Continuing this daily regimen is the easiest and best way to keep your pet on the path to perfect health!

Hundreds of thousands of dogs and cats are using NuVet to **protect against most ailments** (from back yard pesticides, pet food allergies and hormones, toxic formaldehyde in furniture and carpeting, ailments transmitted from dog parks and the vet's office, etc), while maintaining a **beautiful skin and coat**.

This is not just a vitamin. It's an **immune system builder** with a precise balance of vitamins, minerals, omega fatty acids, amino acids and high-potency antioxidants. That's why it works so well through all three stages of a dog's life.

- ✓ **For puppies** - It fills the immunity gap all puppies experience. Shortly after birth maternal antibody effectiveness is greatly reduced. By 8 weeks your puppy's immune system is at a vulnerable point. Once in their new home, the immune system is weakened by the stress of adoption and exposure to novel bacteria and viruses in their environment. This is also when the vaccine series is started. Vaccines are only effective if the immune system can respond properly. Starting NuVet Plus now is important to helping your puppy grow into a healthy adult.
- ✓ **For dogs in their prime** - it improves the luster of their skin and coat while protecting against allergies, skin and coat problems, staining from tears, digestive problems, etc.
- ✓ **For older dogs** - it helps protect against, tumors, premature aging, cataracts, heart conditions, diabetes and many types of cancer, while extending the life and improving the vitality of many dogs.

NuVet is not available in stores, and is only available to the general public with an order code from an authorized pet professional.
